MIKE CHRISMAN, *Secretary, Resources Agency*
RUBEN GRIJALVA, *CDF Director*
RUBEN GRIJALVA, *State Fire Marshal*
KATE DARGAN, *Assistant State Fire Marshal*
VICKIE SAKAMOTO, *Chief of Fire Engineering*
ANTHONY J. GUEVARA, *Fireworks Program Coordinator*
CAROLINE C. FUDGE, *Fireworks Assistant Coordinator*

INTRODUCTION

This document has been developed to assist the California Fire Service in determining those firework items that have been classified by the Office of the California State Fire Marshal as "Safe and Sane".

How does the document work?

The document is divided into sections. Each section is specific to a particular fireworks company. Each fireworks company's list is further divided into two sections. The first section is for those items that are generic or non-exclusive to that company and therefore may be sold by a number of companies. The second is for those items that are exclusive to that company. Occasionally, fireworks companies will contract to sell certain items that are distributed by another company. In those instances it is not necessary for the item to appear on both companies' list, but only on the list of the originating company.

While companies were requested to provide this office with a list of all classified items they distribute and sell, they were not required to provide a list of those items that would be contained in their "assortment" packages. It should be noted that there may be times when a company runs out of a particular classified item for an assortment and substitutes another classified item in its place. The critical consideration is that the Office of the State Fire Marshal has classified each item that appears in that assortment. Therefore, as long as the item has been classified as a "Safe and Sane" item, it is permissible to substitute the items in an assortment. Furthermore an assortment may contain items that have been classified, but because of their small size it is impractical to place a California State Fire Marshal Safe and Sane Seal on them. It is permissible to place such items in an assortment as long as the assortment package bears the requisite California State Fire Marshal Safe and Sane Seal and the items is present on the approved list.

All items contained in these listings, with the exception of two categories, have been classified as "Safe and Sane" and therefore bear the State Fire Marshal's Safe and Sane Seal and may be sold from noon June 28th through noon July 6th each year, ***unless a local ordinance is adopted and is more restrictive***. The two categories of items that have not been classified as "Safe and Sane" are "Party Poppers" and "Snap Caps". "Party Poppers" and "Snap Caps" have their own separate seals of registration and classifications. These items may be sold year round. Retailers of these items are not required to have a State Fire Marshal retail sales license in order to sell these items.

What if you find an item that is not on a company's list?

- Step #1: Check each of the other company listing's to make sure it is not a firework item that is distributed by another company which this particular company may have contracted to distribute.
- Step #2 If the item does not appear on any company's list, call the contact person for the fireworks company who is the supplier for that particular stand (Please refer to enclosed list for contact names and phone numbers). Most fireworks companies maintain a 24-hour toll free number.
- Step #3 If you are still unable to resolve your questions or are still concerned about whether the item in question has been classified by the Office of the State Fire Marshal as Safe and Sane, contact our Fire Engineering Division, Fireworks Program staff at (916) 445-8373 for assistance. If it is determined that the item has not been classified by the Office of the State Fire Marshal as Safe and Sane, then it should be confiscated and removed from the stand.

We need your input

This document has been designed and developed to assist you. We are interested in your input and constructive suggestions about how this document might be improved next year. Please send your written comments to the California Department of Forestry & Fire Protection, Office of the State Fire Marshal, Fire Engineering, P.O. Box 944246, Sacramento, CA 94244.
